### Greetings

We are pleased to announce the opening of our community park with the help of the local community. We would like to thank you from the bottom of our hearts for your support! The purpose of the Community Park is to create a regional community in Yamanashi Prefecture with the SDGs as its foundation. To have a place where people can gather and interact with each other in order to contribute to the local community, exchange human resources, develop human resources, promote lifelong sports, and go sightseeing, all of which are based on the SDGs.

Kiyoshi Amemiya President, Community Park General Inc. Association
